

## Wave Racers 2025 Season Volunteer Waiver Agreement

### Parent/Guardian Agreement

In order to maintain a smooth and successful season for the Wave Racers, we require parent and guardian involvement. As a part of the 2025 season, each family is required to fulfill a minimum of 6 volunteer hours. This volunteer commitment applies regardless of the athlete's participation in specific swim meets or if they withdraw from the team before the season concludes.

### Volunteer Commitment

1. **Volunteer Requirement:** Each family is expected to volunteer a minimum of 6 hours during the 2025 swim season. Volunteer opportunities will be provided by the team, and hours can be completed in various roles that support team operations and events.
2. **Charge for Unfulfilled Hours:** If a family does not complete the required 6 hours, a fee of \$120 will be required to be paid by the end of the season. This fee will apply regardless of whether the swimmer participates in any swim meets or leaves the team before the season concludes.
3. **Exemptions:** Families who are unable to fulfill their volunteer hours due to extenuating circumstances may contact the swim team board for potential exemption or alternative arrangements. Approval is at the discretion of the board and is not guaranteed.

### Acknowledgment

By signing below, I acknowledge that I understand the 2025 season volunteer requirement for Wave Racers. I agree to fulfill 6 hours of volunteer service or, if unable to do so, to pay the \$120 fee. I understand that this commitment applies even if my swimmer does not participate in swim meets or leaves the team early.
